- Easy-to-assemble handling facility for the new or experienced game farmer or rancher.
- Work a variety of whitetail deer and exotic species
- Component design allows floor plan flexibility and easy access.
- Constructed out of 18 gauge galvanized pipe and low-glare galvanized sheet metal. All panels attach with double "C" clamps and a 9/16" wrench.
- With additional individual components, may be tied into existing fences for a low cost capture and working system

Memphis Net & Twine has been manufacturing all types of nets made to user specifications for almost four decades. These nets range from custom made sports nets to industrial nets and commercial fish nets.

Our customers include Major League Baseball teams, National League Football teams, Industrial Assembly Lines, the Aquaculture Industry and Commercial Fishing Fleets both domestic and foreign.

Each net is assembled to meet purchaser requirements.
